

U.S. 71 RECONSTRUCTION

In coordination with the cities of Arnolds Park and Okoboji, we're replacing the U.S. 71 pavement and sidewalks from Okoboji Grove Road in Arnolds Park through Okoboji View Avenue in Okoboji.

Traffic Impact

U.S. 71 through traffic will be detoured to Iowa 86 and Iowa 9. **One lane in each direction will be maintained at all times on U.S. 71 in Arnolds Park and Okoboji.**

All reconstruction will occur during the spring and fall seasons of 2023 and 2024 to minimize disruption during the area's peak activity and tourism season.

See back side for project overview map and Stage 1 details.

Keeping you informed

Be on the look out for additional mailings with details about a project website, expected to launch January 2023, and a public event that will be held in March.

Spring 2023 Construction (stage 1 of 4)

Stage 1 – Begins March 2023 and will be completed before the 2023 Memorial Day weekend. Will include intersection reconstruction in Arnolds Park and Okoboji.

All intersection construction will be half at a time, to avoid closure of the entire intersection.

Arnolds Park intersection reconstruction locations:

- Okoboji Grove Rd.
- Benit Dr.
- Lake St.
- Dam Rd. (East half)
- Ackley St.

Okoboji intersection reconstruction locations:

- Lake Shore Dr.
- Sanborn Ave.
- Okoboji View Ave.

Stage 2 – Begins the Tuesday after Labor Day (Sept. 5).
